## Family Cost Share Tables

### Instructions

1. If a Family's Adjusted Gross Income is below 350% FPL, they will have **no** cost share. The 350% Federal Poverty Level (FPL) table below identifies the starting adjusted gross income for assessing a family cost share.
2. If the family size is greater than 10, call DHSS-EIS for the family's monthly cost share.
3. Find the family's **Adjusted Gross Income** on the Family Cost Share Table and then look under the appropriate family size for the family's monthly cost share.

**350% FPL Table**

Family Size	2	3	4	5	6	7	8	9	10
<b>350% FPL</b>	<b>\$42,400</b>	<b>\$53,410</b>	<b>\$64,400</b>	<b>\$75,390</b>	<b>\$86,380</b>	<b>\$97,370</b>	<b>\$108,360</b>	<b>\$119,350</b>	<b>\$130,340</b>

4. If a family's Adjusted Gross Income is above 1,050% FPL, their cost share will be the monthly cost share at 1,050% FPL, plus an additional **\$2 per month** per additional **\$1,000 annual** Adjusted Gross Income. The 1,050% FPL Table below identifies the family adjusted gross income above which the additional \$2.00 monthly per \$1,000 additional income is assessed
5. The grayed out area of the family cost share table identifies the point where the additional \$2 per month per \$1,000 annual Adjusted Gross Income is added to the cost share for 1,050% FPL.
